

PRODUCT DESCRIPTION -PWB52E 5M / 16FT EXTREME

The Komelon Extreme Standout tape measure has a massive 3.7m standout and a 32mm wide blade so really can hold its own!

The Dura NY nylon coating offers superior quality that lasts up to 15 times longer than standard tape measures.

The ergonomically designed rubberised ABS case provides increased comfort and makes this a great heavy duty tape measure for use in any trade or DIY project.

The edges of the blade have been de-burred to protect against cutting the skin and the blade offers measurements in both metric and imperial graduations.

The blade is also dual printed making it easy to take measurements at any angle.

It also has an extra heat treated end hook and is certified EC Class II accurate.

Komelon has been making tape measures since 1963 and is a worldwide brand name.

With patents including Hi Viz blades and Self-Lock to its name, it is clear that Komelon has done its homework and earned its stripes.
