

## PRODUCT DESCRIPTION - IPT57E 5M/16FT

Why would someone need a Komelon Stainless Steel tape measure? It's a "must have" because Komelon's Stainless Steel products resist rusting extending its long life.

The Stainless Steel PowerBlade is ideal for working in wet, dirty conditions and has a non-glare, two-sided silver blade. The Stainless Steel PowerBlade components are the toughest out there.

The blade on the Stainless Steel PowerBlade has five layers starting with a Stainless Steel blade and finishing with a tough Dura NY finish. This tape measure will get you through it all - whether wet or dry, clean or dirty. This is one tough tape.

The Komelon Powerblade Stainless Steel comes in 5m/16ft and 8m/26ft sizes, has a 27mm blade for superior stand out.

## MAIN PRODUCT FEATURES

**Stainless Steel Blade & Spring** - Resists rusting to prolong life of the blade & mechanism

**Stainless Steel Double End Hook** - Improved rust resistance of hook, particularly in damp or wet environments

**Reverse Blade Markings** - Markings on reverse of blade for vertical measuring

**Rubber Cushion Blade Opening** - Helps prevent hook damage when blade is rewound into case.

**Dura NY Nylon Blade Protection** - Reduces wear and abrasion for longer blade life
