GRIPPER

The Komelon Gripper Pro Tape comes in 5m/16ft and 8m/26ft sizes. It is a quality, value for money tape, with a Class II accurate blade, with metric and imperial markings to cover most measuring tasks.

★★★★★

REVIEWS

Flaming Boilers

Never thought I would leave a review for a tape measure but to be fair the tape measure is sturdy and can measure accurately without the tape pinging back. Great product.

BH Property

By far the best tape measures I have used. Stands up to all sorts of abuse. Really long pull out no bending so much easier than most.

TOP FEATURES

- ABS PLASTIC CASE
- SOFT RUBBER GRIP
- DURA NY NYLON BLADE PROTECTION
- ROUNDED BLADE EDGES
- MATT FINISH BLADE

REVIEWS

Jamie W.

I have had no problems at all with this tape measure, it does get thrown around and so far stood up to the abuse. I like the hi-vis blade.

Adrip Plumbing

Best tape on the market I find the measurements on both sides very handy, good strong blade and the measurements on the blade are clear to read.

POWERBLADE Stainless Steel

Why would someone need a Komelon Stainless Steel tape measure? It's a "must have" because Komelon's Stainless Steel products resist rusting extending its long life. The Stainless Steel PowerBlade is ideal for working in wet, dirty conditions and has a non-glare, two-sided silver blade. The Stainless Steel PowerBlade components are the toughest out there. The blade has five layers starting with a Stainless Steel blade and finishing with a tough Dura NY finish. This tape measure will get you through all conditions, whether its wet or dry, clean or dirty, this is one tough tape!

★★★★★

REVIEWS

AB Joinery

Recently purchased a Komelon PowerBlade, by far the best tape I have ever used, comes double sided as well which always comes in handy. Five stars in every department for me

LED Tape Measure

This ultra-compact 8m/26ft professional LED tape measure is an industry first! The built in LED light is strong enough to light up any dark environment, ensuring an accurate measurement. The LED has an auto shutoff after five minutes to reduce energy consumption and prolong battery life.

★★★★★

REVIEWS

Penny Pincher

Handy (pun intended) fits perfectly in the palm of my hand so I can use the light and the lock. Light is well placed. Great addition to my many tape measures laying around the house. This will likely become my go to.

Skeeter

Thus is a nice tape measure, especially for the price. The tape is nice and easy to read. The LED light is plenty bright, and is rechargeable. I have no complaints about this product and will purchase it again.

TOP FEATURES

- ULTRA COMPACT WHITE ABS CASE
- POWERFUL LED LIGHT

LONG Fibreglass Tape

Komelon Long Fibreglass tapes come in 30m/100ft, 50m/165ft, 100m/330ft lengths. The ABS open frame has a gear driven winding handle and 2 steel rollers to allow the blade to return without twisting. The blade is made of 16,000 strand fibreglass to prevent stretch and it's the only fibreglass tape on the market to have Class 2 accuracy.

★★★★★

REVIEWS

Cooper Michael

Seems like a very high quality piece of kit for the money. If I were being hyper-critical, I would complain that there is no dedicated place to store the winding knob when the winding handle is closed. But I still think it's worth a 5.
